

On behalf of the Supplier Network Board of Directors, we would like to extend a huge “Thank You” to everyone who attended our **2018 WWC Power Hour** on April 15th at Cuba Libre. Our Events Committee did a wonderful job and numerous compliments were received about the beautiful venue, food, drinks and ability to casually interact with others before the Convention commenced. There were 187 attendees at this event with representatives from many of our Supplier Network member companies as well as individuals from all walks of McDonald’s U.S. and Global divisions. What a fabulous way to kick off the most attended McDonald’s Worldwide Convention ever.
